## CamPen Houses New Unit

The Marine Corps Tactical Systems Support Activity (MCTSSA), a new unit to keep the Marine Corps current in the latest and future developments in automated tactical systems, has been established in temporary facilities as a tenant activity of Camp Pendleton in the Del Mar area.

Nucleus of MCTSSA was provided by the redesignation of Marine Air Control Squadron-3 which was deactivated 1 July at MCAS, (Helicopter), Santa Ana, Calif.

The unit, which is under the direction of the Commanding General, MCDEC, Quantico, Va., and commanded by Col Stanley G. Dunwiddie, is tasked with the mission to test, evaluate and provide programming support for tactical systems, to include vehicles and related equipment within the Marine Corps.

Construction of new facilities on a 20-acre tract should be completed during FY 72. Once this is completed and the activity is fully operational, a complement of approximately 400 Marines and about 250 civilians, both civil service and contractor personnel will be employed.

## Billet Change

HQMC announced last month that Col Norman W. Gourley, a brigadier general selectee, will relieve BGen Leslie E. Brown as Deputy J-3, U. S. European Command.

Col Gourley is currently Assistant Chief of Staff, G-3, FMFPac. BGen Brown is scheduled to report for duty as Assistant Wing Commander, 3d Marine Aircraft Wing, El Toro.

## Commandant's Message on Absentee Voting

Soon now you and all Marines serving in the defense of our country will be called upon to mark your ballots in the 1970 General Election.

The privilege of voting is the cornerstone of our national heritage. You are the most recent of a long line of Marines who have pledged their lives to the survival of this privilege. As defenders of freedom, it is of paramount importance that you cast your vote and exercise that freedom.

Therefore I charge every commander to ensure that each eligible Marine is individually counseled, is given the opportunity, and is encouraged to vote. Further, it is the responsibility of each Marine to cooperate in the efforts of the Marine Corps by registering and voting. In this, as in all asked of us by our country, let us not be found wanting.

L. F. CHAPMAN JR.  
General, U. S. Marine Corps

## Units Renamed "Amphibious"

No longer will the term "expeditionary" be used in air-ground task organizations, it has been replaced by the term "amphibious" thereby creating Marine amphibious forces, Marine amphibious brigades and Marine amphibious units in lieu of Marine expeditionary forces, brigades and units. For example, the title of the 5th Marine Expeditionary Brigade will now be the 5th Marine Amphibious Brigade.

The change, announced last month in ALMAR 78, instructed commanders whose organizational titles contains the term "expeditionary" to take administrative action to replace that term with the term "amphibious."

Title change action will include all places where organizational titles appear; i.e., unit diaries, command directives and directories, DODAAD, battle standards, operational plans, Mares/Forstat Reports, unit and personal addresses, etc.
